**\*\*\*\*\* A new magazine, *Just Women*, debuts in January \*\*\*\*\***

International Disciples Women’s Ministries and DisciplesWorld, Inc., are proud to announce the launch of a bold, new magazine for Christian women entitled *Just Women*. The quarterly magazine will debut in January, 2009, exploring the theme, “Starting over: Facing life’s transitions with faith and grace.”

*Just Women* is the new official resource for Disciples Women’s Ministries provided by International Disciples Women’s Ministries (IDWM) and the Office of Disciples Women (ODW). “We believe that this quarterly publication will meet the emerging and diverse needs of our women,” said IDWM President Judy Row and ODW Executive Director Adonna Bowman. IDWM and ODW officially endorse *Just Women* as their primary educational resource for women.

*Just Women* is a full-color, 32-page magazine that is published quarterly by DisciplesWorld, Inc., in partnership with IDWM— in January, April, June, and October — and can be delivered to individual homes or ordered in bundles for women’s groups.

In 2009, magazine content will include Woman-to-Woman Worldwide Program study material for Bosnia and Croatia, including maps and mission ideas. In addition, the magazine will cover topics of interest to women including regular columns on health and spirituality, stewardship, women in ministry, and devotions.

Plus, the entire Spring issue is a special Bible study that can be used individually or in groups throughout the year. This year’s study explores the Old Testament Book of Joshua.

Study ideas for every issue will be available on the magazine’s website, [www.justwomenmagazine.org](http://www.justwomenmagazine.org). Also available online will be feature articles downloadable in Spanish, Korean, and French.

A one-year individual subscription is \$19.00. Discounts are available for multiple year orders and orders of 15 copies or more going to one address. Subscribe at [www.justwomenmagazine.org](http://www.justwomenmagazine.org) by January 1, 2009, to receive the inaugural issue!
