

Title: Proposal for Distribution of Funds Currently Named “CGM Escrow”

Origin: Mission Alignment Coordinating Council

Background Information

At the April 2008 General Board Meeting of the Christian Church (Disciples of Christ), the Mission Alignment Coordinating Council (MACC) was charged to make a report and present a plan for mission alignment to the General Board in 2009 (Item GB-08-0581).

As a result of its work as recorded in proposal #4 of the Report and Recommendations to the General Board (Item GB -09-0641) the General Board calls upon the Council of General Ministries to bring a proposal to the October 2009 Administrative Committee regarding the allocation of the funds currently referred to as “CGM Escrow.” These are funds released from NBA by General Board action in 2005. The recommendation is to permanently reallocate the escrow.

The General Board authorizes the Administrative Committee to act on its behalf in receiving this report.
